

## The H.C. Jacobæus Lectures

### The H.C. Jacobæus Lectures

#### Objective:

The objective of the grant is to host one or more annual lectures by guest lecturers. The lectures are held, if at all possible, in Scandinavian university towns or other venues in Europe associated with medical research. The topics of the lectures should fall within the fields of physiology or endocrinology.

Applications are not accepted

#### Committee

The Board of Directors comprises three members. The Chairman of the Nordic Research Committee and two members selected from among the committee's members.
